

Wildfire Prevention in Awbrey Glen

As the recent Two Bulls Fire (June, 2014) demonstrated, living in Central Oregon means living at risk of devastating fires. The Two Bulls Fire was only 5 miles to our West with nothing between the fire and Awbrey Glen homes other than forested land. The picture to the right is of the Two Bulls fire shot from the clubhouse. As a result, protecting Awbrey Glen and the homes therein should be extremely important – the Awbrey Glen HOA agrees and working with concerned residents formed what is now the FireWise Committee to address this risk. Following the FireWise Committee’s training and work with homeowners, Awbrey Glen was the first community in Oregon to attain FireWise certification and has continued to do so since that date. FireWise certification and reduction of wildfire risk to your homes is an ongoing activity that is the responsibility of each Awbrey Glen homeowner. The FireWise Committee, along with the Bend Fire Department, stands ready to assist every homeowner in reducing the risk of wildfires on their property. The Bend Fire Department is appreciative of Awbrey Glen’s efforts and because of the FireWise certification, they know that the homes in Awbrey Glen are defensible during a wildfire.

The FireWise Committee is chartered by the Awbrey Glen Homeowners Association with:

- Reducing the threat of wildfire ignition and the spread of any wildfires within the AG community through a continuous pre-fire mitigation program.
- To continue encouraging all AG property owners to remain active in our wildfire prevention program.
- To assist firefighters safety and suppression efforts by following FireWise principles before any fire begins in the community.

Please protect your home and your neighbors’ home by complying FireWise Committee’s assessment of your home.

Other key information and links can be found on the other menu items under the FireWise heading. If you have any questions about the FireWise Committee’s responsibilities, or would like to have your property evaluated for fire safety, the Awbrey Glen FireWise-Fire Prevention Committee is available to help you. Please call either HOA Management at 541-323-3033, Paul MacMillan at 541-322-0236, or Brown Thompson at 541-678-5263.
